

# Environmental Health & Safety Policy Statement for Total Reclaim, Inc. & EcoLights NW, LLC

It is the TRI/EcoLights policy to conduct all business activities in a manner that protects the natural environment and the health and safety of our employees, customers, and the population in general. TRI/EcoLights is committed to managing health, safety and environmental matters as an integral part of our business. TRI/EcoLights does so by adhering to the following principals:

**Compliance** TRI/EcoLights will comply with all applicable laws and regulations and other requirements and will implement new programs and procedures to assure compliance. Compliance requirements will be communicated at all levels of the business, and will be incorporated into training, in-house audits, and performance reviews.

**Pollution Prevention and Risk Reduction** TRI/EcoLights will integrate environmental, health and safety objectives into the design of our processes. TRI/EcoLights will evaluate significant impacts, and look for ways to minimize the potential for adverse environmental impacts and to minimize health and safety risks to employees.

TRI/EcoLights will maintain its transportation fleet and production equipment in excellent condition to optimize performance and minimize adverse environmental impacts.

TRI/EcoLights will assure that downstream vendors also comply with this environmental, health and safety policy

**Qualifications and Communications** TRI/EcoLights will assure that all employees have the skills and resources to meet TRI/EcoLights Environmental, Health and Safety objectives through experience and training and on-site support. TRI/EcoLights will engage employees in identifying issues and implementing solutions.

TRI/EcoLights will communicate TRI/EcoLights environmental health and safety commitments, and TRI/EcoLights performance measures to TRI/EcoLights employees, vendors, and customers.

**Continuous Improvement** TRI/EcoLights will establish a system of performance measures to demonstrate achievement of environmental, health and safety objectives. We will review results at least on an annual basis, and identify opportunities to improve environmental performance and to further reduce health and safety risks. Implementation of this policy is a primary responsibility of all employees.
